

Dollar Tree, Inc. Reports Third Quarter Results

- Diluted earnings per share of \$0.58
- Consolidated net sales increased 9.5%
- Comparable store sales increased 3.1%

CHESAPEAKE, Va.--(BUSINESS WIRE)-- Dollar Tree, Inc. (NASDAQ: DLTR), North America's leading operator of discount variety stores selling everything for \$1 or less, reported its results for the quarter ended November 2, 2013 ("third quarter").

Third-Quarter Results

Consolidated net sales for the third quarter were \$1.88 billion, a 9.5% increase compared to \$1.72 billion reported for the quarter ended October 27, 2012 ("third quarter 2012"). Comparable store sales increased 3.1%.

Earnings per diluted share for the third quarter were \$0.58, compared to the \$0.68 earnings per diluted share reported for the quarter ended October 27, 2012, which included a one-time gain of \$0.17 per diluted share relating to the Company's sale of its ownership interest in Ollie's Holdings, Inc. The Company's earnings per diluted share of \$0.58 in the third quarter 2013 increased 13.7% compared to the third quarter 2012 earnings per diluted share of \$0.51, absent the Ollie's gain. Operating margin increased 10 basis points for the quarter to 10.8%.

"I am pleased with our performance in the third quarter," said Chief Executive Officer Bob Sasser. "During a very cautious consumer environment, comparable-store sales increased as the result of growth in both consumer basics and growth in seasonal and variety merchandise, with our higher margin variety categories growing at a faster pace. Our comparable-store sales increase was driven principally by increased customer traffic, as new customers are finding Dollar Tree to be part of their solution to balance their household budgets. Our stores executed a quick transition from Halloween and are set with fresh, high-value merchandise for Thanksgiving and the Holiday season."

Cash and investments at quarter-end totaled \$147.1 million, compared with \$222.4 million at the end of the third quarter 2012. During the third quarter, the Company entered into a \$1.0 billion Accelerated Share Repurchase program, under which the Company received 15.0 million shares in the third quarter. The ASR is expected to be completed on or before June 2014. The Company has \$1.0 billion remaining on its share repurchase authorization.

During the third quarter, Dollar Tree opened 117 stores, expanded or relocated 19 stores, and closed 6 stores. Retail selling square footage increased 7.0% compared to a year ago, to 42.9 million square feet.

39-Week Period Results

Year-to-date through the three quarters ended November 2, 2013, the Company's consolidated net sales were \$5.61 billion, an 8.9% increase compared with the same period in 2012. Comparable store sales increased 2.9%, on top of a 3.9% increase through three quarters last year.

Year-to-date earnings per diluted share were \$1.73, compared with earnings per diluted share of \$1.69 through three quarters last year. Excluding the previously disclosed gain, earnings per share through three quarters last year were \$1.53.

Guidance

The Company estimates sales for the fourth quarter of 2013 to be in the range of \$2.25 billion to \$2.31 billion, based on a range of low-single digit positive comparable store sales. Diluted earnings per share are estimated to be in the range of \$1.01 to \$1.07.

Full year sales are estimated to be in the range of \$7.86 billion to \$7.92 billion. Diluted earnings per share are expected to be \$2.72 to \$2.78. Due to the ongoing ASR, these estimates assume no additional share repurchase activity in fiscal 2013.
