# Dollar Tree, Inc. Reports Results for the Second Quarter Fiscal 2019

- ~ Consolidated Sales Increased 3.9% to \$5.74 Billion ~
- ~ GAAP Earnings per Diluted Share of \$0.76 vs. Guidance Range of \$0.64 to \$0.73 ~
- ~ Enterprise Same-Store Sales Increased 2.4% ~
- ~ Same-Store Sales by Segment: Dollar Tree +2.4%, Family Dollar +2.4% ~
- ~ Increasing Fiscal 2019 Family Dollar H2 Renovation Projects from 1,000 to 1,150 ~

CHESAPEAKE, Va.--(BUSINESS WIRE)-- Dollar Tree, Inc. (NASDAQ: DLTR), North America's leading operator of discount variety stores, today reported financial results for the quarter ended August 3, 2019.

“The turnaround of the Family Dollar business continues to gain momentum. Family Dollar’s same-store sales increase of 2.4% was the third consecutive quarter of sequential acceleration and represented a 160 basis point improvement in the two-year stacked comp. And, despite sales headwinds created by the global helium shortage, the Dollar Tree segment delivered a same-store sales increase of 2.4%, while cycling a strong 3.7% increase from the prior year’s quarter. Dollar Tree has now delivered 46 consecutive quarters of positive same-store sales, and eight consecutive quarters with two-year stacked comps exceeding 6%,” stated Gary Philbin, President and Chief Executive Officer. “I am proud of the team’s accomplishments. During the quarter, we successfully consolidated our store support centers and, as planned, closed 296 Family Dollar stores as part of our store optimization efforts. Additionally, we completed 542 Family Dollar renovations into the H2 format.”

## Second Quarter Results

Consolidated net sales increased 3.9% to \$5.74 billion from \$5.53 billion in the prior year’s second quarter. Enterprise same-store sales increased 2.4%. Same-store sales for the Dollar Tree segment increased 2.4% on a constant currency basis (or 2.3% when adjusted to include the impact of Canadian currency fluctuations). The Company estimates the helium shortage negatively impacted Dollar Tree same-store sales by approximately 40 basis points. Same-store sales for the Family Dollar segment increased 2.4%.

Gross profit was \$1.65 billion in the quarter compared to \$1.66 billion in the prior year’s second quarter. As a percentage of sales, gross margin was 28.7% of sales compared to 30.1% of sales in the prior year. The decrease in gross profit margin was driven by higher freight costs for both segments, and markdowns and shrink in the Family Dollar segment.

Selling, general and administrative expenses were 24.0% of sales compared to 23.2% of sales in the prior year's second quarter. The increase was driven by operating and corporate expenses related to the consolidation of the Company’s store support centers, asset write-offs for closed stores, and payroll costs resulting from higher average hourly rates and store-level initiatives.

Operating income for the quarter was \$268.9 million compared with \$382.5 million in the same period last year and operating income margin was 4.7% of sales in the second quarter compared to 6.9% of sales in last year's quarter.

Net income was \$180.3 million in the second quarter and GAAP diluted earnings per share for the quarter were \$0.76 compared to \$1.15 in the prior year's quarter.

The Company repurchased 881,624 shares during the quarter for \$88.4 million. The Company has approximately \$812 million remaining on its share repurchase authorization.

During the quarter, the Company opened 150 new stores, expanded or relocated 19 stores, and closed 296 Family Dollar stores and nine Dollar Tree stores. The Family Dollar store closings related to the Company's previously announced store optimization efforts. Additionally, the Company opened 106 Dollar Tree stores that were re-bannered from Family Dollar. Retail selling square footage at quarter end was approximately 119.7 million square feet.

### **First Six Months Results**

Consolidated net sales increased 4.2% to \$11.55 billion from \$11.08 billion in the same period last year. Enterprise same-store sales increased 2.3% on a constant currency basis (or 2.2% when adjusted to include the impact of Canadian currency fluctuations). Same-store sales for the Dollar Tree segment increased 2.4%. Same-store sales for Family Dollar increased 2.1%.

Gross profit for the first six months increased \$12.2 million to \$3.38 billion. As a percentage of sales, gross margin was 29.2%, compared to 30.4% in the prior year period.

Selling, general and administrative expenses were 23.6% of sales compared to 23.0% of sales for the first six months of 2018.

Operating income for the period was \$654.4 million. Operating income margin decreased to 5.7% of sales in the current year period from 7.4% of sales in the prior year.

Net income compared to the prior year's period increased 3.2% to \$448.2 million and GAAP diluted earnings per share increased 3.3% to \$1.88 compared to \$1.82 in the prior year's period.

### **Update on Fiscal 2019 Discrete Costs**

The Company's initial outlook for the year included discrete costs related to the Company's store support center consolidation and the acceleration of store optimization initiatives, including renovations, re-banners, and store closures. The Company has incurred approximately \$76 million of discrete costs in the first half of the year, of which \$48 million, or \$0.16 per diluted share, was incurred in the second quarter. With the increased visibility of initiative-related costs, the Company now expects to incur a total of \$85 million of discrete costs for fiscal 2019. The Company's updated outlook includes the remaining estimated \$9 million, or \$0.03 per diluted share, of discrete costs expected to be incurred in the third quarter of fiscal 2019.

Additionally, the Company previously expected to incur approximately \$30 million of lease

obligation and related closure costs in the second quarter related to Family Dollar closed stores. Based on recent interpretations of the lease accounting standard, certain lease obligation costs the Company expected to accrue in the quarter are now treated as period costs. The Company's second quarter included approximately \$15 million, or \$0.05 per diluted share, of costs for store closure asset write-offs and related costs.

### **Tariff Update**

Earlier this year, the United States Trade Representative (USTR) began a process to impose a tariff on all of the \$300 billion in Chinese goods which were not previously subject to a tariff under Section 301, referred to as List 4 goods.

On August 13, 2019, the USTR published the final description of products on List 4 and divided the list into two parts. Tariffs at the rate of ten percent (10%) on List 4A goods will go into effect September 1, 2019. Tariffs at the rate of ten percent (10%) on List 4B goods will go into effect December 15, 2019.

On August 23, 2019, the USTR announced that tariffs on List 1, 2, and 3 products would increase from 25% to 30% on October 1, 2019, tariffs on List 4A products would increase from 10% to 15% on September 1, 2019, and tariffs on List 4B products would increase from 10% to 15% on December 15, 2019. The Company estimates that without mitigation List 4A and the additional 5% tariff on Lists 1, 2, and 3 would cost the Company approximately \$26 million in additional tariffs between September 1, 2019 and December 15, 2019.

Prior to the recent announcements on List 4 as well as the additional 5% tariff increase on all Lists, the Company believes it has successfully mitigated most of the adverse effects of the Section 301 tariffs. The Company has negotiated price concessions, cancelled orders, modified specifications, evolved product mix, and diversified vendors. The Company is now implementing actions that may mitigate the recently announced tariff increases, and will continue to assess the future impact of those tariffs.

### **Company Outlook**

The Company estimates consolidated net sales for the third quarter of 2019 will range from \$5.66 billion to \$5.77 billion, based on a low single-digit increase in same-store sales for the enterprise. Diluted earnings per share are estimated to be in the range of \$1.07 to \$1.16. This estimate includes approximately \$9 million, or \$0.03 per diluted share, of discrete costs.

Consolidated net sales for full-year fiscal 2019 are now expected to range from \$23.57 billion to \$23.79 billion compared to the Company's previously expected range of \$23.51 billion to \$23.83 billion. This estimate is based on a low single-digit increase in same-store sales and 1.3% selling square footage growth. The Company now anticipates net income per diluted share for full-year fiscal 2019 will range between \$4.90 and \$5.11. The Company's updated outlook does not include the recently announced tariff increases, as the Company is currently working to mitigate these costs.

"I am very pleased with the traction and momentum we are seeing in the Family Dollar business. The team's efforts to improve the consistency of execution across the store base and our acceleration of initiatives to optimize the real estate portfolio are paying off. We are increasing our planned Family Dollar H2 renovations for fiscal 2019 by 150 stores, most of

which will occur in the third quarter,” Philbin added. “We are thrilled to now be operating from one consolidated store support center. One workspace should materially enhance alignment, communication, and efficiency, as well as our ability to support stores more effectively. Our focus continues to be to grow and improve our business to deliver increased value to long-term shareholders.”

### **Conference Call Information**

On Thursday, August 29, 2019, the Company will host a conference call to discuss its earnings results at 9:00 a.m. Eastern Time. The telephone number for the call is 888-394-8218. A recorded version of the call will be available until midnight Wednesday, September 4, 2019, and may be accessed by dialing 888-203-1112. The access code is 6531689. A webcast of the call is accessible through Dollar Tree's website and will remain online through Wednesday, September 4, 2019.

Dollar Tree, a Fortune 200 Company, operated 15,115 stores across 48 states and five Canadian provinces as of August 3, 2019. Stores operate under the brands of Dollar Tree, Family Dollar, and Dollar Tree Canada. To learn more about the Company, visit [www.DollarTree.com](http://www.DollarTree.com).

**A WARNING ABOUT FORWARD-LOOKING STATEMENTS:** Our press release contains "forward-looking statements" as that term is used in the Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by the fact that they address future events, developments or results and do not relate strictly to historical facts. Any statements contained in this press release that are not statements of historical facts may be deemed to be forward-looking statements. Forward-looking statements include, without limitation, statements preceded by, followed by or including words such as “believe,” “anticipate,” “expect,” “intend,” “plan,” “view,” “target” or “estimate,” “may,” “will,” “should,” “predict,” “possible,” “potential,” “continue,” “strategy,” and similar expressions. For example, our forward-looking statements include statements regarding third quarter 2019 and full-year 2019 results of operations, including consolidated net sales, expenses, same-store sales, operating income, and diluted earnings per share, operating cash flow and tax rate; our square footage growth; estimated costs relating to our initiatives, including the discrete costs, and costs relating to lease obligations and fixtures in closed stores; our expectations regarding imposed and proposed tariffs and plans to address or mitigate the effects of tariffs on our business; the impacts of increases in wage rates, fuel costs and freight costs on our business; the timing of and expected annual cost savings from the completion of our headquarters consolidation; the benefits, results and effects of the ongoing integration with Family Dollar, including our estimates of future annual cost savings resulting from the acquisition and our efforts to make both Company-wide improvements as well as those targeted at Family Dollar; our plans and expectations relating to our store optimization program, including the opening of new stores, renovation of Family Dollar stores, re-bannering Family Dollar stores to Dollar Tree stores and closing Family Dollar stores, and the impact of the optimization program on comparable store sales and profitability; our plans regarding the testing of multi-price points at certain Dollar Tree stores; and our other plans, objectives, expectations (financial and otherwise) and intentions. These statements are subject to risks and uncertainties. For a discussion of the risks, uncertainties and assumptions that could affect our future events, developments or results, you should carefully review the "Risk Factors," "Business" and "Management's Discussion and Analysis

of Financial Condition and Results of Operations" sections in our Annual Report on Form 10-K filed March 27, 2019, and other filings with the Securities and Exchange Commission. We are not obligated to release publicly any revisions to any forward-looking statements contained in this press release to reflect events or circumstances occurring after the date of this report and you should not expect us to do so.

**DOLLAR TREE, INC.**  
**Reconciliation of Non-GAAP Financial Measures**  
**(In millions, except per share data)**  
**(Unaudited)**

From time-to-time, the Company's financial results include certain financial measures not derived in accordance with generally accepted accounting principles ("GAAP"). Non-GAAP financial measures should not be used as a substitute for GAAP financial measures, or considered in isolation, for the purposes of analyzing operating performance, financial position or cash flows. However, the Company believes providing additional information in the form of non-GAAP measures that exclude the unusual, non-recurring expenses outlined below is beneficial to the users of its financial statements in evaluating the Company's current operating results in relation to past periods. In addition, the Company's debt covenants exclude the impact of certain unusual, non-recurring expenses. The Company has included a reconciliation of this information to the most comparable GAAP measures in the following tables.

On February 3, 2019, the Company adopted Financial Accounting Standards Board Accounting Standards Update No. 2016-2, "Leases (Topic 842)" and subsequent amendments ("ASC 842") which requires lessees to recognize right-of-use assets on the balance sheet. The Company did not elect the hindsight practical expedient; therefore, the adoption also resulted in the recognition of an estimate of the embedded impairment of right-of-use assets as a reduction to Retained earnings. In March 2019, the Company announced a store optimization program which includes the closing of up to 390 under-performing stores in 2019. Under ASC 842, the right-of-use assets must be amortized over the remaining operating terms which resulted in the acceleration of rent expense for the stores that the Company plans to close. The accelerated rent expense net of the rent foregone as a result of the embedded lease impairment was \$6.7 million and this amount will be excluded in calculating the Company's compliance with its debt covenants, which requires reporting in accordance with GAAP as of the date of the Credit Agreement.

In the first quarter of 2018, the Company entered into a new Credit Agreement that provided a \$1.25 billion revolving credit facility and a \$782.0 million term loan facility. The Company also announced the registered offering of \$750.0 million aggregate principal amount of Senior Floating Rate Notes due 2020, \$1.0 billion of 3.7% Senior Notes due 2023, \$1.0 billion of 4.0% Senior Notes due 2025 and \$1.25 billion of 4.2% Senior Notes due 2028. In connection with entry into the new Credit Agreement, the Company terminated the existing Credit Agreement and paid a redemption premium of \$6.5 million for the early payment of the Term Loan B-2 Loans. In connection with the offering of the new Senior Notes, the Company redeemed the 5.75% Senior Notes due 2023 and paid a redemption premium of \$107.8 million. In connection with the termination of the old Credit Agreement and the payment of Term Loan B-2 and the 5.75% Senior Notes due 2023, the Company accelerated the expense of approximately \$41.2 million of amortizable non-cash deferred financing costs and expensed approximately \$0.4 million in non-capitalizable transaction costs. Interest on the new debt was approximately \$7.9 million in the first quarter of 2018 and the interest foregone on the redemption of Term Loan A-1 and Term Loan B-2 was approximately \$3.3 million.
